

The logo consists of the word "FRIMO" in a bold, white, sans-serif font, set against a dark blue square background. A white swoosh underline is positioned beneath the letters "I" and "M".

FRIMO

FRIMO. HIGH TECH AND HIGH PASSION.

The background features a large, detailed metal gear on the left side, with a smaller gear partially visible below it. On the right, a blue-handled tool, possibly a screwdriver, is shown in a blurred state. The entire scene is overlaid with a network of thin, white, curved lines that create a sense of motion and technical precision.

For FRIMO Original Spare Parts

Increased Efficiency With the Best Consulting and Quality

Our goal is to maximize customer satisfaction throughout the entire lifetime of our machines. We can only reach this goal if our machines are optimally maintained and equipped with FRIMO original spare parts at our customers' locations. This is the only way maximum availability, while maintaining high quality, and minimal unplanned down times can be guaranteed. We have therefore examined and adapted our spare parts supply process to offer our customers optimal availability of high-quality spare parts

at fair prices. To provide the best possible technical support, we train our specialists around the world to our high standards and specifically to your needs. Trust in our original spare parts and in the competence of our staff.

We want our services to please you in the long run.
